Our congregation would not be here today in our 96th year without the generosity of our Patron members. Our Patrons make it possible to maintain our inspiring worship and pastoral services, educational excellence, global action, social justice activism, world-class artistic richness, family enrichment, diverse membership, meaningful personal friendships and the security that comes from a deeply committed community.

Please join this historic and wonderful group of sustaining members who make a critical difference in securing our community by increasing their annual contribution above standard membership dues.

You belong amongst this group of committed, wise, fun, humble, interesting, accomplished and generous members.

“It gives us great satisfaction to give back to TIOH, knowing we are helping to sustain our congregation as it serves so many people and causes.”
